CES Committees / Task Group Volunteer Reply Form

CES is very appreciative of the support provided by our volunteers and is reviewing the Committee Structure and Membership on an annual basis. There are a number of committees/task groups which may be of interest to member firm representatives and/or their staff. Please indicate which areas your firm has an interest and return to CES via e-mail or fax 306-522-5325

Committees have been established to raise awareness and increase recognition within the industry of the services offered by CES member firms, promote market expansion of our industry, identify and communicate opportunities within the industry to CES Member Firms, expand the services offered by CES Members, meet with appropriate industry groups, and to discuss common issues/concerns with client groups

Task Groups are established from time to time to address specific issues of a short-term duration.

Volunteer Form	Approx. Meetings Per Year	Approx. Hours Per Meeting
CES Board of Directors (elected positions - 3 year terms) (Nominations will be required to fill vacant positions for 2010-2011)	10	3-6
